Russian Basic

EDUCATION

International University for the Humanities & Development

Bachelor's — Information Technology

2021 – 2026

Jelaletdin Charymuhammedov

FRONT-END DEVELOPER

Front-end developer with **3+ years** of production experience building fast, scalable e-commerce platforms and marketing sites with React, Next.js, TypeScript, and Tailwind CSS. Strong in the React ecosystem — from clean component architecture to real-world performance optimization. Comfortable bridging front-end and back-end concerns (Vue 3 + Django), and reliable for owning a feature end-to-end, from design to deployment.

WORK EXPERIENCE

- Front-End Developer**
Jussplay.dev — Ashgabat

Jun 2024 – Mar 2025

Built and maintained front-end for jussplay.dev and SkySystems. Owned component architecture, feature development, and performance tuning.
- Front-End Developer**
Gerekli Hyzmat HK (TMCARS) — Ashgabat

Nov 2024 – Jun 2026

Joined as an Intern. Delivered two internal tools: Task Management and Inventory Management. Integrated real-time WebSocket chat. Built scalable UI with React + Ant Design. Also worked on tmcars, aydym.com, aydymforartist and tmcarsinfo projects.
- Junior Web Developer (Intern)**
Sanly.pro — Ashgabat

Nov 2023 – Mar 2024

Full-stack development of Abrayly Rysgal and Sanly.pro websites — solo ownership from design to deployment using Vue 3 + Django.
- Graphic Designer**
Sanly.pro — Ashgabat

Nov 2023

Adapted and optimized product imagery for Ashgabat.market using Adobe Photoshop.

FREELANCE & CONTRACT PROJECTS

- MM Electronics — Web Ulgam**

Full e-commerce frontend for Turkmenistan's market. Category listings, auth flows, dynamic search/filter, RTK state management.
